Body info:

NB 0082

Body:

Created: 2022-12-02

Last update: 2024-07-16

The body is formally accredited against:

EN ISO/IEC 17065 Product certification

Name of National Accreditation Body (NAB):

COFRAC (Comité français d'accréditation)

The accreditation covers the product categories and conformity assessment procedures concerned by this notification: Yes

Tasks performed by the Body:

Last approval date: 2022-11-29

Products	Procedures	Articles /Annexes
-Equipment providing buoyancy aid	Quality assurance of the production process	Annex VIII
-Equipment providing chest and groin protection	Quality assurance of the production process	Annex VIII
-Equipment providing eye protection	EU type-examination Quality assurance of the production process Supervised product checks at random intervals	Annex V Annex VIII Annex VII
-Equipment providing face protection	EU type-examination Quality assurance of the production process Supervised product checks at random intervals	Annex V Annex VIII Annex VII
-Equipment providing foot, leg and anti-slip protection	EU type-examination Quality assurance of the production process	Annex V Annex VIII
-Equipment providing general body protection (clothing)	Quality assurance of the production process	Annex VIII
-Equipment providing hand and arm protection	Quality assurance of the production process	Annex VIII
-Equipment providing hand and arm protection against chemical agents	Quality assurance of the production process	Annex VIII
-Equipment providing head protection	EU type-examination Quality assurance of the production process Supervised product checks at random intervals	Annex V Annex VIII Annex VII
-Equipment providing hearing protection	Quality assurance of the production process	Annex VIII
-Equipment providing protection against cold [> -50°C]	Quality assurance of the production process	Annex VIII
-Equipment providing protection against cold [cold >-50°C], [extreme cold <-50°C]	Quality assurance of the production process	Annex VIII

Products	Procedures	Articles /Annexes
-Equipment providing protection against extreme cold [< -50 °C]	Quality assurance of the production process	Annex VIII
-Equipment providing protection against heat [< 100 °C]	Quality assurance of the production process	Annex VIII
-Equipment providing protection against heat [> 100°C and fire and flame]	Quality assurance of the production process	Annex VIII
-Equipment providing protection against heat [Heat<100°C], [Heat>100°C and fire]	Quality assurance of the production process	Annex VIII
-Equipment providing respiratory system protection	EU type-examination Quality assurance of the production process Supervised product checks at random intervals	Annex V Annex VIII Annex VII
-Protective Equipment against bullet wounds or knife stabs	Quality assurance of the production process	Annex VIII
-Protective Equipment against drowning	Quality assurance of the production process	Annex VIII
-Protective Equipment against electric shock	Quality assurance of the production process	Annex VIII
-Protective Equipment against electrical and magnetic fields and waves	Quality assurance of the production process	Annex VIII
-Protective Equipment against falls from heights	EU type-examination Quality assurance of the production process Supervised product checks at random intervals	Annex V Annex VIII Annex VII
-Protective Equipment against hand-held chain-saws	Quality assurance of the production process	Annex VIII
-Protective Equipment against harmful biological agents	Quality assurance of the production process	Annex VIII
-Protective Equipment against harmful noise	Quality assurance of the production process	Annex VIII
-Protective Equipment against high-pressure jets	Quality assurance of the production process	Annex VIII
-Protective Equipment against ionising radiation	Quality assurance of the production process	Annex VIII
-Protective Equipment against mechanical risks	Quality assurance of the production process	Annex VIII

Products	Procedures	Articles /Annexes
-Protective Equipment against non-ionising radiation	Quality assurance of the production process	Annex VIII
-Protective Equipment against slipping	Quality assurance of the production process	Annex VIII
-Protective Equipment against static compression	Quality assurance of the production process	Annex VIII
-Protective Equipment against substances and mixtures which are hazardous to health	Quality assurance of the production process	Annex VIII
-Protective Equipment against vibrations	Quality assurance of the production process	Annex VIII
-Protective equipment against chemical agents	Quality assurance of the production process	Annex VIII
-Specialized areas of competence: Firemen suits	Quality assurance of the production process	Annex VIII
-Specialized areas of competence: High visibility clothing	Quality assurance of the production process	Annex VIII
-Specialized areas of competence: Protective clothing for motorcycle riders	Quality assurance of the production process	Annex VIII
-Specialized areas of competence: Protective equipment for diving	Quality assurance of the production process	Annex VIII
-Specialized areas of competence: Protective equipment for use in potentially explosive atmospheres	Quality assurance of the production process	Annex VIII
